# COUNTY OF HURON ACCESSIBILITY PLAN 2006-2007

## SECTION 1

---

### EXECUTIVE SUMMARY AND OBJECTIVES

The Accessibility for Ontarians with Disabilities Act (ODA) requires the County of Huron to develop and implement an accessibility plan on an annual basis. The aim of this plan is to describe the process that the County of Huron undertaken during the past year in an effort to identify, remove and prevent barriers for all in accessing County facilities and services. This plan has been prepared by the Huron County Accessibility Advisory Committee for the Corporation of the County of Huron and its lower tier Municipalities.

The objectives of the Accessibility Plan are outlined as follows:

- Review barriers identified and removed in the County in the second half of 2006 and the first half of 2007
- List the barriers the HCAAC will review in 2006-2007
- Describe the measures the HCAAC will take in 2006-2007 to identify, remove and prevent barriers for people with disabilities in order of priority and availability of funding
- Describe strategies the HCAAC will take to publicize this Accessibility Plan.

The Municipalities are required to submit reviews for which that Municipality will remove the proposed barrier in each area. The required barrier removal review areas include: by-law, operational and building and are not limited to those three areas.

### MUNICIPAL PARTICIPATION

#### Participating Municipalities

This plan is in effect for the municipalities listed below. In addition to the body of this Plan specific information and objectives for each municipality have been listed in the attached appendices.

- Township of Ashfield-Colborne-Wawanosh
- Municipality of Bluewater
- Township of Central Huron
- Town of Goderich
- Township of Howick
- Municipality of Huron East
- Municipality of Morris-Turnberry
- Township of North Huron
- Municipality of South Huron

#### Address

All of the above listed municipalities are members of the Corporation of the County of Huron which is the coordinating authority for this plan. All enquiries in respect to this plan should be forwarded to:

ODA Coordinator  
County of Huron  
1 Court House Square  
Goderich, ON N7A 1M2

#### Key Contact

The key contact person for this plan is:

Chairperson, Huron County Accessibility Advisory Committee  
County of Huron  
1 Court House Square  
Goderich, ON N7A 1M2

Persons with inquiries regarding this plan can also contact members of the ODA Working Group representing their individual municipalities. The members of the Plan Development Working Group can be found in Attachment 1 of this Plan.

The County has established an Advisory Committee in accordance with the ODA and will refer to this Committee on all matters pertaining to this plan, both on behalf of the County of Huron and on behalf of all other member municipalities of this plan.

# COUNTY OF HURON ACCESSIBILITY PLAN 2006-2007

## SECTION 3

---

### MUNICIPAL ACTIVITIES

The ODA requires that municipalities address barriers in the municipalities' by-laws, policies, programs, practices and services in the following ways:

1. Report on the measures that the municipality has taken to identify, remove and prevent barriers to people with disabilities.
2. Describe the measures in place to ensure that the municipality assesses its proposals for by-laws, policies, programs, practices and services to determine their effect on accessibility for people with disabilities.
3. List the by-laws, policies, programs, practices and services that the municipality will review in the coming year to identify barriers to people with disabilities.
4. Describe the measures the municipality intends to take in the coming year to identify, remove and prevent barriers to people with disabilities.
5. Make the accessibility plan available to the public.

The ODA also imposes other obligations on municipalities either directly or through amendments to other Ontario statutes such as:

- **access must be considered:** when buying goods and services, and in planning and subdivision approval
- **business licenses:** municipalities may stipulate accessibility
- **new social housing:** ensure social housing includes a percentage of modified units
- **parking penalties:** municipal enforcement of increased fines for misuse of the Disabled Person Parking Permits and misuse of designated parking spaces established in municipal by-laws
- **improved access to municipal elections:** considering access when selecting locations for voting, use vote by mail process

Progress in meeting these obligations may be addressed in municipal accessibility plans.

## SECTION 4

---

### HURON COUNTY ACCESSIBILITY ADVISORY COMMITTEE

The County of Huron has established an Accessibility Advisory Committee (HCAAC) under the direction of the Chairperson of the ODA Working Group. Members of the HCAAC are provided with copies of this plan and attend regular scheduled meetings in order to make recommendations to the County of Huron and the member municipalities regarding this plan and its attached appendices. The Plan is reviewed regularly by the County and all member municipalities and opportunities given for members of their respective councils to provide input to all sections.

The Huron County Accessibility Advisory Committee was established in 2005 is and an advisory committee to County Council. The HCAAC advises, recommends and assists the County in promoting and facilitating a barrier-free Huron County for all citizens with varying abilities. This aim is to be achieved through the review of municipal policies and by-laws.

#### Terms of Reference

- Advise Councils annually, as required by the Act, regarding the preparation, implementation and effectiveness of the municipalities annual Accessibility Plan.
- Advise Councils, within 30 days, on the accessibility for persons with disabilities to a public municipal building prior to purchase, construction, renovation or lease.
- When requested review and advise on the accessibility of municipal site plans.
- Review relevant municipal by-laws as determined by the municipality in consultation with the committee to ensure that they recognize the requirements for accessibility for persons with disabilities
- Advise Councils to address issues for the inclusion of persons with disabilities relating to the provision of transportation, housing, employment and recreation in order to achieve an accessible community for persons with a disability.
- Consult with persons with disabilities, community groups and organizations representing people with disabilities in order to capture and communication emerging issues.

The HCAAC is established specifically to obtain the input of special interest groups and individuals that can speak on behalf of persons with disabilities. As broad a segment as possible within this general philosophy of consultation will be part of the HCAAC

The HCAAC is established as a formal advisory committee of the Corporation of the County of Huron and as such membership will be reviewed on an annual basis and members appointed as part of the Huron County Council Striking Committee's responsibilities in December of each year.

In addition to consultation with the HCAAC this plan will, when necessary use alternative means of consultation, including, but not limited to the following:

- Informal discussions
- Structured meetings
- Focus Groups
- Key Informant Interviews (Subject matter experts)
- Community Meetings

## **COUNTY OF HURON ACCESSIBILITY PLAN 2006-2007**

The consultation process will be viewed as ongoing activity throughout the life of this plan. The plan is to be viewed as an ever changing document (particularly in the Attachments) and as such will constantly be under review.

As part of the consultation process, a full summary of the findings of each process will be recorded and these summaries will form part of the inventory of activities that will become the work plan for breaking down barriers to accessibility in each member municipality in this plan.

### **HCAAC Members**

See Attachment 2 for a list of the current members of the Huron County Accessibility Advisory Committee.

# COUNTY OF HURON ACCESSIBILITY PLAN 2006-2007

## SECTION 5

---

### ODA WORKING GROUP

This plan was developed by the County of Huron with the consent and cooperation of all the lower tier municipalities within the jurisdiction of the County of Huron. The working group consisting of a representative from each member municipality in this plan is established. This group will provide the information needed to develop, update and maintain the Accessibility Plan and provide resources for the consultation process through the member councils of the plan.

The ODA Working Group will meet a minimum of two times per year in order to update the appendices to this plan and to review the plan for possible changes. In addition the ODA Working Group will bring forward issues under the ODA for review and recommendations by the HCAAC and member Municipal Councils.

The members of the ODA Working Group will normally be a staff member of the municipality they represent and as such will be appointed to the position by the respective municipality in such a manner as is most convenient to that municipality. See Attachment 1 for a full list of current Working Group members.

The Chairperson of the ODA Working Group will be elected by members of the ODA Working Group and will serve for a term of one year. A Chairperson may be elected to serve a maximum of three consecutive terms.

The ODA Working Group will hold a minimum of two regularly scheduled meetings annually or when called together by the Chairperson for special meetings. The recommended schedule of meetings will take place in such a way that planned initiatives can be monitored and reported annually.

# COUNTY OF HURON ACCESSIBILITY PLAN 2006-2007

## SECTION 6

---

### OPERATIONAL REVIEW

This section presents the information from the audit that identifies areas in the current operations of the partner municipalities that are in need of review. The information given in this section has been developed in such a way that it is general in nature but with clear objectives. Detailed information on these overall goals will be provided in the appropriate municipal appendix to this plan.

The ODA requires that a minimum of one by-law, one operational area and one building issue be reviewed every year. This plan calls for the review of each of these three areas in accordance with the ODA.

#### **By-Law Review by all Municipalities**

Following the full development of the AQA, each member municipality will review a minimum of one by-law per year. This review will be aimed specifically at the assessment of the accessibility issues contained within the by-law and will also assess the accessibility of the by-law itself.

#### **Building Review by all Municipalities**

Following the full development of the AQA, each member municipality will review a minimum of one physical barrier each year.

#### **Operational Review by all Municipalities**

Following the full development of the AQA, each member municipality will review a minimum of one Operational area of the municipality. The review will be aimed specifically at the accessibility issues associated with providing the service under review. If such a case occurs whereby a municipality has reviewed all possible by-laws and/or buildings, the municipality will be required to submit a Facilities Checklist to ensure that all by-laws and municipal buildings are up to date in terms of accessibility.

#### **Review Dates**

It is anticipated that the three review areas noted above will be conducted concurrently and will be coordinated through the Accessibility Quotient Audit. Yearly progress reports will be filed, through the ODA Working Group to the ODA Coordinator.

#### **Meeting Schedules**

This process will be in place for subsequent years until such time as it is reviewed and revised by the ODA Working Group. It is anticipated that the ODA Working Group will conduct two meetings per year and that the HCAAC will have a minimum of four meetings per year. Both groups may be called to meet more frequently than that, but in such cases it will be at the call of the Chairperson of the ODA Working Group, or the Chairperson of the HCAAC.

# COUNTY OF HURON ACCESSIBILITY PLAN 2006-2007

## **Review Methodologies**

The Methodology used in developing the review will center on one of inventorying and consultation. As part of the process each municipality will complete the Municipal Operational Review. This will be accomplished as a team effort in each municipality.

The Municipal Operational Review will be forwarded to the ODA Working Group who will in turn review the data and develop a total plan matrix.

Once this portion of the work has been completed and an action plan agreed upon, the HCAAC will be asked to review the plan. Should it be necessary to conduct individual and informal interviews with subject matter experts such consultations will be conducted by the appropriate members of the team. If it is deemed to be advisable the group may wish to conduct focus groups and should it be necessary to arrange for the hiring of specific skills this will be included in budgetary requests to the respective council.

The final step in the process will be the approval of the plan and its resultant action by the municipality that will be most directly affected by the outcome of the recommendation. Some of these will be targeted to the lower tier and some to the County. The details of such activities will be outlined in the appropriate appendix to the plan.

## **Operational Budgets**

It is not anticipated, at this time that an operational budget will be provided for the development of the requirements under the ODA. However, consideration should be given in future budgets for the inclusion of some operational resources for the maintenance of the planning process, updating and amendments.

## **Capital Costs**

Some costs may be able to be absorbed in the normal capital forecasting for building improvements and maintenance in accordance with the recommendations made in this plan. However, it is noted that major capital expenditures will only be made by the municipalities in this plan when such funds are available. Funding availability will be tied to the concept of partnering with the Province of Ontario on such projects. A minimum of a 50/50 cost share between the owning municipality and the Province for the implementation of major capital projects will be expected.

### HURON COUNTY ACCESSIBILITY ADVISORY COMMITTEE GOALS

During the first HCAAC meeting of 2007, the HCAAC set Committee goals for the upcoming year. The goals are outlined as follows:

- Continue to organize public education events
- Allocate resources for accessibility
- Improve networking with other organizations
- Improve committee awareness

### **Vendor and Services**

#### **Municipal Services**

The services provided by each of the lower tier municipalities are not untypical for those normally associated with rural and small urban communities in Ontario. They include roads, municipal drains, land use planning, building standards, public safety provisions such as fire and policing, recreational facilities management including parks, arenas, swimming pools, etc. In addition to these services, the Corporation of the County of Huron provides county wide highway services, homes for the aged, library services, emergency medical services social services, public health, affordable housing, planning services and heritage services through a series of four museums.

It is noted in this plan that by virtue of the fact that the identified agency or organization works with the municipality, under which they have been identified, they will be bound to consider the accessibility of their premises and the services provided to the municipality as part of the Plan.
